DETAILED ACTION

Request for Continued Examination

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on 2/28/11 has been entered.

Information Disclosure Statement

2. The information disclosure statement(s) (IDS) submitted on 4/25/2011 is/are in compliance with the provisions of 37 CFR 1.97. Accordingly, the information disclosure statement(s) is/are being considered by the examiner and an initialed copy is attached.

STATEMENT OF REASONS FOR ALLOWANCE

3. The following is an examiner's statement of reasons for allowance:

a. The most pertinent prior art known to the Examiner is listed on the attached forms PTO-892 and 1449. As shown by Mitsubishi, Radwin, Ederling and newly-found prior art by Kraft, the close prior arts of record, a method, system and apparatus for automatically targeting web advertisements based on a user-query and personal profile are well-known. However, none of the prior art of record including Mitsubishi, Radwin, Ederling and Kraft provides sufficient suggestion or motivation to arrive at a method system and apparatus that includes the features of indexing and scoring a degree of match between the query terms and the advertisement and dynamically providing an

Art Unit: 1764

advertisement creative that include terms from the query as required in the present claims. Accordingly, the claimed invention, as a whole, would not have been obvious to one of ordinary skill in the electronic marketing art. None of the prior art of record teaches, discloses or suggests a method/system/apparatus directed to providing acquiring query terms, indexing the query search, scoring a degree of match with potential advertisement and dynamically creating a final advertisement that includes the initial query terms in the manner as those recited the present claims.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Tri V. Nguyen whose telephone number is (571) 272-6965. The examiner can normally be reached on M-F 8:00 AM to 5:30 PM.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Vasu Jagannathan can be reached on (571) 272-1119 for chemistry and Eric Stamber can be reached on (571) 272-6724 for business method. The fax phone number for the organization where this application or proceeding is assigned is 571-273-8300.
